Additional comments

My single biggest recommendation

Classroom Simulation Log

At what point would you pause instruction?

Where would students most likely struggle?

When would you demonstrate software?

Would you change the lesson order? If so, how?

Innovation Ideas

While using CPLA, did you find yourself thinking “I wish it could...”? List every idea, no matter how small. This question often produces the most valuable feedback, because it captures ideas that arise during authentic use rather than in hindsight.

Final Certification

I certify that I personally reviewed the lesson(s) listed in this evaluation and have provided my professional assessment based upon my experience as an educator and/or industry professional.
